# History

*Among the first in Québec, the Domaine Bazinet outfitter was founded in 1934 by Messrs. Hermas and Raymond Bazinet, on a landscape of 19 kilometres of lakes, rivers, streams, waterfalls, and mountains. In 1995, Benoit and Robert Auger became owners. They developed a complete outdoor center and made major renovations at all levels. Today, with its recent inn, its 24 cabins, the quality of its fishing, and the opening of several lakes and roads, it has become one of the most popular outfitters in Québec. It is located in Ste-Émélie-de-L'Énergie in Lanaudière, at an altitude of 1800 feet, which is the main reason why fishing is excellent even in summer time. There are only a few mosquitoes and the air, as well as water, are pure. The abundance of wild and sown trout is unequalled. All of the lakes contains only speckled and rainbow trout.*

*Relax, energize and pamper yourself, and catch memorable fishes... To take pleasure in a personalized trip, in a family and friendly atmosphere, in a natural environment that is only minutes away, and at affordable rates! Trout fishing is a sport that your children will enjoy practising for the rest of their life. Vacation with the one you love, a getaway in an inn or in a cabin, a great meal and a warm fire...*
